

IN THE MICHIGAN COURT OF APPEALS

ORDER

Re: **Wendy Beth Adelson v Oakland Circuit Judge**
Docket No. **258539**
L.C. No. **2001-180995-FH & 2002-185164-FH**

William C. Whitbeck, Chief Judge, acting under MCR 7.203(F)(1) and 7.216(A)(10),
orders:

The complaint for superintending control and the motion to reinstate former appeal are DISMISSED for lack of jurisdiction. First and foremost, appellant had the ability to challenge her criminal conviction and sentence via an appeal. MCR 3.302(D) and 7.206(B). Second and just as important, appellant still has the ability to challenge her conviction and sentence by filing a motion for relief for judgment under MCR 6.500 *et seq.* In which case, it is improper to file a complaint for a writ of superintending control in this Court when the circuit court has this jurisdiction to grant the relief requested. MCR 3.301(A)(1)(a).
